

Top 160 GitHub Repositories Every Developer Should Know

- 1 **freeCodeCamp/freeCodeCamp**
Open-source project related to freeCodeCamp used widely by developers.
[GitHub Link](#)
- 2 **sindresorhus/awesome**
Open-source project related to awesome used widely by developers.
[GitHub Link](#)
- 3 **EbookFoundation/free-programming-books**
Open-source project related to free programming books used widely by developers.
[GitHub Link](#)
- 4 **kamranahmedse/developer-roadmap**
Open-source project related to developer roadmap used widely by developers.
[GitHub Link](#)
- 5 **donnemartin/system-design-primer**
Open-source project related to system design primer used widely by developers.
[GitHub Link](#)
- 6 **codecrafters-io/build-your-own-x**
Open-source project related to build your own x used widely by developers.
[GitHub Link](#)
- 7 **public-apis/public-apis**
Open-source project related to public apis used widely by developers.
[GitHub Link](#)
- 8 **TheAlgorithms/Python**
Open-source project related to Python used widely by developers.
[GitHub Link](#)
- 9 **trekhleb/javascript-algorithms**
Open-source project related to javascript algorithms used widely by developers.
[GitHub Link](#)
- 10 **30-seconds/30-seconds-of-code**
Open-source project related to 30 seconds of code used widely by developers.
[GitHub Link](#)
- 11 **jwasham/coding-interview-university**
Open-source project related to coding interview university used widely by developers.
[GitHub Link](#)
- 12 **getify/You-Dont-Know-JS**
Open-source project related to You Dont Know JS used widely by developers.
[GitHub Link](#)
- 13 **vinta/awesome-python**
Open-source project related to awesome python used widely by developers.
[GitHub Link](#)

- 14 **avelino/awesome-go**
Open-source project related to awesome go used widely by developers.
[GitHub Link](#)
- 15 **akullpp/awesome-java**
Open-source project related to awesome java used widely by developers.
[GitHub Link](#)
- 16 **ffaraz/awesome-cpp**
Open-source project related to awesome cpp used widely by developers.
[GitHub Link](#)
- 17 **rust-unofficial/awesome-rust**
Open-source project related to awesome rust used widely by developers.
[GitHub Link](#)
- 18 **awesome-selfhosted/awesome-selfhosted**
Open-source project related to awesome selfhosted used widely by developers.
[GitHub Link](#)
- 19 **prakhhar1989/awesome-courses**
Open-source project related to awesome courses used widely by developers.
[GitHub Link](#)
- 20 **sindresorhus/awesome-nodejs**
Open-source project related to awesome nodejs used widely by developers.
[GitHub Link](#)
- 21 **sindresorhus/awesome-react**
Open-source project related to awesome react used widely by developers.
[GitHub Link](#)
- 22 **sindresorhus/awesome-vue**
Open-source project related to awesome vue used widely by developers.
[GitHub Link](#)
- 23 **sindresorhus/awesome-angular**
Open-source project related to awesome angular used widely by developers.
[GitHub Link](#)
- 24 **golang/go**
Open-source project related to go used widely by developers.
[GitHub Link](#)
- 25 **microsoft/vscode**
Open-source project related to vscode used widely by developers.
[GitHub Link](#)
- 26 **tensorflow/tensorflow**
Open-source project related to tensorflow used widely by developers.
[GitHub Link](#)
- 27 **pytorch/pytorch**
Open-source project related to pytorch used widely by developers.
[GitHub Link](#)
- 28 **keras-team/keras**
Open-source project related to keras used widely by developers.
[GitHub Link](#)

- 29 **fastapi/fastapi**
Open-source project related to fastapi used widely by developers.
[GitHub Link](#)
- 30 **django/django**
Open-source project related to django used widely by developers.
[GitHub Link](#)
- 31 **laravel/laravel**
Open-source project related to laravel used widely by developers.
[GitHub Link](#)
- 32 **nodejs/node**
Open-source project related to node used widely by developers.
[GitHub Link](#)
- 33 **denoland/deno**
Open-source project related to deno used widely by developers.
[GitHub Link](#)
- 34 **kubernetes/kubernetes**
Open-source project related to kubernetes used widely by developers.
[GitHub Link](#)
- 35 **docker/compose**
Open-source project related to compose used widely by developers.
[GitHub Link](#)
- 36 **ansible/ansible**
Open-source project related to ansible used widely by developers.
[GitHub Link](#)
- 37 **hashicorp/terraform**
Open-source project related to terraform used widely by developers.
[GitHub Link](#)
- 38 **tauri-apps/tauri**
Open-source project related to tauri used widely by developers.
[GitHub Link](#)
- 39 **electron/electron**
Open-source project related to electron used widely by developers.
[GitHub Link](#)
- 40 **storybookjs/storybook**
Open-source project related to storybook used widely by developers.
[GitHub Link](#)
- 41 **vercel/next.js**
Open-source project related to next.js used widely by developers.
[GitHub Link](#)
- 42 **nuxt/nuxt**
Open-source project related to nuxt used widely by developers.
[GitHub Link](#)
- 43 **remix-run/remix**
Open-source project related to remix used widely by developers.
[GitHub Link](#)

- 44 **apache/superset**
Open-source project related to superset used widely by developers.
[GitHub Link](#)
- 45 **airbnb/javascript**
Open-source project related to javascript used widely by developers.
[GitHub Link](#)
- 46 **google/styleguide**
Open-source project related to styleguide used widely by developers.
[GitHub Link](#)
- 47 **facebook/react**
Open-source project related to react used widely by developers.
[GitHub Link](#)
- 48 **flutter/flutter**
Open-source project related to flutter used widely by developers.
[GitHub Link](#)
- 49 **apple/swift**
Open-source project related to swift used widely by developers.
[GitHub Link](#)
- 50 **openai/openai-cookbook**
Open-source project related to openai cookbook used widely by developers.
[GitHub Link](#)
- 51 **huggingface/transformers**
Open-source project related to transformers used widely by developers.
[GitHub Link](#)
- 52 **scikit-learn/scikit-learn**
Open-source project related to scikit learn used widely by developers.
[GitHub Link](#)
- 53 **langchain-ai/langchain**
Open-source project related to langchain used widely by developers.
[GitHub Link](#)
- 54 **microsoft/DeepSpeed**
Open-source project related to DeepSpeed used widely by developers.
[GitHub Link](#)
- 55 **facebookresearch/fairseq**
Open-source project related to fairseq used widely by developers.
[GitHub Link](#)
- 56 **Lightning-AI/pytorch-lightning**
Open-source project related to pytorch lightning used widely by developers.
[GitHub Link](#)
- 57 **redis/redis**
Open-source project related to redis used widely by developers.
[GitHub Link](#)
- 58 **apache/kafka**
Open-source project related to kafka used widely by developers.
[GitHub Link](#)

- 59 **etcd-io/etcd**
Open-source project related to etcd used widely by developers.
[GitHub Link](#)
- 60 **grpc/grpc**
Open-source project related to grpc used widely by developers.
[GitHub Link](#)
- 61 **envoyproxy/envoy**
Open-source project related to envoy used widely by developers.
[GitHub Link](#)
- 62 **celery/celery**
Open-source project related to celery used widely by developers.
[GitHub Link](#)
- 63 **expressjs/express**
Open-source project related to express used widely by developers.
[GitHub Link](#)
- 64 **nestjs/nest**
Open-source project related to nest used widely by developers.
[GitHub Link](#)
- 65 **vuejs/vue**
Open-source project related to vue used widely by developers.
[GitHub Link](#)
- 66 **angular/angular**
Open-source project related to angular used widely by developers.
[GitHub Link](#)
- 67 **sveltejs/svelte**
Open-source project related to svelte used widely by developers.
[GitHub Link](#)
- 68 **tailwindlabs/tailwindcss**
Open-source project related to tailwindcss used widely by developers.
[GitHub Link](#)
- 69 **vitejs/vite**
Open-source project related to vite used widely by developers.
[GitHub Link](#)
- 70 **python/cpython**
Open-source project related to cpython used widely by developers.
[GitHub Link](#)
- 71 **rust-lang/rust**
Open-source project related to rust used widely by developers.
[GitHub Link](#)
- 72 **ziglang/zig**
Open-source project related to zig used widely by developers.
[GitHub Link](#)
- 73 **php/php-src**
Open-source project related to php src used widely by developers.
[GitHub Link](#)

- 74 **ruby/ruby**
Open-source project related to ruby used widely by developers.
[GitHub Link](#)
- 75 **julia-lang/julia**
Open-source project related to julia used widely by developers.
[GitHub Link](#)
- 76 **prometheus/prometheus**
Open-source project related to prometheus used widely by developers.
[GitHub Link](#)
- 77 **grafana/grafana**
Open-source project related to grafana used widely by developers.
[GitHub Link](#)
- 78 **argoproj/argo-cd**
Open-source project related to argo cd used widely by developers.
[GitHub Link](#)
- 79 **helm/helm**
Open-source project related to helm used widely by developers.
[GitHub Link](#)
- 80 **hashicorp/vault**
Open-source project related to vault used widely by developers.
[GitHub Link](#)
- 81 **containerd/containerd**
Open-source project related to containerd used widely by developers.
[GitHub Link](#)
- 82 **neovim/neovim**
Open-source project related to neovim used widely by developers.
[GitHub Link](#)
- 83 **tmux/tmux**
Open-source project related to tmux used widely by developers.
[GitHub Link](#)
- 84 **ripgrep/ripgrep**
Open-source project related to ripgrep used widely by developers.
[GitHub Link](#)
- 85 **BurntSushi/fd**
Open-source project related to fd used widely by developers.
[GitHub Link](#)
- 86 **sharkdp/bat**
Open-source project related to bat used widely by developers.
[GitHub Link](#)
- 87 **cli/cli**
Open-source project related to cli used widely by developers.
[GitHub Link](#)
- 88 **junegunn/fzf**
Open-source project related to fzf used widely by developers.
[GitHub Link](#)

- 89 **git/git**
Open-source project related to git used widely by developers.
[GitHub Link](#)
- 90 **starship/starship**
Open-source project related to starship used widely by developers.
[GitHub Link](#)
- 91 **metabase/metabase**
Open-source project related to metabase used widely by developers.
[GitHub Link](#)
- 92 **supabase/supabase**
Open-source project related to supabase used widely by developers.
[GitHub Link](#)
- 93 **appwrite/appwrite**
Open-source project related to appwrite used widely by developers.
[GitHub Link](#)
- 94 **ionic-team/ionic-framework**
Open-source project related to ionic framework used widely by developers.
[GitHub Link](#)
- 95 **electron-userland/electron-builder**
Open-source project related to electron builder used widely by developers.
[GitHub Link](#)
- 96 **prettier/prettier**
Open-source project related to prettier used widely by developers.
[GitHub Link](#)
- 97 **eslint/eslint**
Open-source project related to eslint used widely by developers.
[GitHub Link](#)
- 98 **babel/babel**
Open-source project related to babel used widely by developers.
[GitHub Link](#)
- 99 **parcel-bundler/parcel**
Open-source project related to parcel used widely by developers.
[GitHub Link](#)
- 100 **rollup/rollup**
Open-source project related to rollup used widely by developers.
[GitHub Link](#)
- 101 **pnpm/pnpm**
Open-source project related to pnpm used widely by developers.
[GitHub Link](#)
- 102 **yarnpkg/yarn**
Open-source project related to yarn used widely by developers.
[GitHub Link](#)
- 103 **webpack/webpack**
Open-source project related to webpack used widely by developers.
[GitHub Link](#)

104denoland/fresh

Open-source project related to fresh used widely by developers.
[GitHub Link](#)

105vitejs/awesome-vite

Open-source project related to awesome vite used widely by developers.
[GitHub Link](#)

106sveltejs/kit

Open-source project related to kit used widely by developers.
[GitHub Link](#)

107angular/components

Open-source project related to components used widely by developers.
[GitHub Link](#)

108facebook/docusaurus

Open-source project related to docusaurus used widely by developers.
[GitHub Link](#)

109vuejs/pinia

Open-source project related to pinia used widely by developers.
[GitHub Link](#)

110reduxjs/redux

Open-source project related to redux used widely by developers.
[GitHub Link](#)

111pmndrs/zustand

Open-source project related to zustand used widely by developers.
[GitHub Link](#)

112tanstack/query

Open-source project related to query used widely by developers.
[GitHub Link](#)

113TanStack/table

Open-source project related to table used widely by developers.
[GitHub Link](#)

114nestjs/docs.nestjs.com

Open-source project related to docs.nestjs.com used widely by developers.
[GitHub Link](#)

115grpc-ecosystem/grpc-gateway

Open-source project related to grpc gateway used widely by developers.
[GitHub Link](#)

116open-telemetry/opentelemetry-collector

Open-source project related to opentelemetry collector used widely by developers.
[GitHub Link](#)

117temporalio/temporal

Open-source project related to temporal used widely by developers.
[GitHub Link](#)

118socketio/socket.io

Open-source project related to socket.io used widely by developers.
[GitHub Link](#)

119prisma/prisma

Open-source project related to prisma used widely by developers.
[GitHub Link](#)

120typeorm/typeorm

Open-source project related to typeorm used widely by developers.
[GitHub Link](#)

121sequelize/sequelize

Open-source project related to sequelize used widely by developers.
[GitHub Link](#)

122mongodb/mongo

Open-source project related to mongo used widely by developers.
[GitHub Link](#)

123elastic/elasticsearch

Open-source project related to elasticsearch used widely by developers.
[GitHub Link](#)

124apache/cassandra

Open-source project related to cassandra used widely by developers.
[GitHub Link](#)

125influxdata/influxdb

Open-source project related to influxdb used widely by developers.
[GitHub Link](#)

126apache/airflow

Open-source project related to airflow used widely by developers.
[GitHub Link](#)

127prefecthq/prefect

Open-source project related to prefect used widely by developers.
[GitHub Link](#)

128kedro-org/kedro

Open-source project related to kedro used widely by developers.
[GitHub Link](#)

129mlflow/mlflow

Open-source project related to mlflow used widely by developers.
[GitHub Link](#)

130ray-project/ray

Open-source project related to ray used widely by developers.
[GitHub Link](#)

131dask/dask

Open-source project related to dask used widely by developers.
[GitHub Link](#)

132keras-team/autokeras

Open-source project related to autokeras used widely by developers.
[GitHub Link](#)

133google/jax

Open-source project related to jax used widely by developers.
[GitHub Link](#)

- 134pallets/flask**
Open-source project related to flask used widely by developers.
[GitHub Link](#)
- 135encode/uvicorn**
Open-source project related to uvicorn used widely by developers.
[GitHub Link](#)
- 136encode/httpx**
Open-source project related to httpx used widely by developers.
[GitHub Link](#)
- 137psf/requests**
Open-source project related to requests used widely by developers.
[GitHub Link](#)
- 138scrapy/scrapy**
Open-source project related to scrapy used widely by developers.
[GitHub Link](#)
- 139tiangolo/full-stack-fastapi-postgresql**
Open-source project related to full stack fastapi postgresql used widely by developers.
[GitHub Link](#)
- 140bregman-arie/devops-exercises**
Open-source project related to devops exercises used widely by developers.
[GitHub Link](#)
- 141microsoft/terminal**
Open-source project related to terminal used widely by developers.
[GitHub Link](#)
- 142alacritty/alacritty**
Open-source project related to alacritty used widely by developers.
[GitHub Link](#)
- 143wez/wezterm**
Open-source project related to wezterm used widely by developers.
[GitHub Link](#)
- 144ohmyzsh/ohmyzsh**
Open-source project related to ohmyzsh used widely by developers.
[GitHub Link](#)
- 145sharkdp/hyperfine**
Open-source project related to hyperfine used widely by developers.
[GitHub Link](#)
- 146tldr-pages/tldr**
Open-source project related to tldr used widely by developers.
[GitHub Link](#)
- 147cheat/cheat**
Open-source project related to cheat used widely by developers.
[GitHub Link](#)
- 148jesseduffield/lazygit**
Open-source project related to lazygit used widely by developers.
[GitHub Link](#)

149jesseduffield/lazydocker

Open-source project related to lazydocker used widely by developers.
GitHub Link

150wagoodman/dive

Open-source project related to dive used widely by developers.
GitHub Link

151anchore/syft

Open-source project related to syft used widely by developers.
GitHub Link

152anchore/grype

Open-source project related to grype used widely by developers.
GitHub Link

153google/go-github

Open-source project related to go github used widely by developers.
GitHub Link

154octokit/octokit.js

Open-source project related to octokit.js used widely by developers.
GitHub Link
